

Simplified just the way you want it

For efficient and easy management of your freight forwarding operations, CTSI Logistics offers Logistics Lite – the comprehensive business application system that allows you to print important bills, generate reports, uploads invoices and more.

Functionalities

- Prints House BL and Air Way Bill
- Prints Master Air Way Bill of Continental Airlines
- Generates Air and Ocean Cargo Manifest
- Prints Invoice and P&L (Profit and Loss) statements
- Generates reports such as Tonnage, Invoice listings, Pre-Alert, Arrival Notice, etc.
- Uploads AR/AP invoices directly to SAP as well as P&L statements
- Facilitates encoding of transactions using non-job module that generates invoices for allied services like trucking, brokerage and others
